

Johnny Su (蘇朝輝)

SENIOR FRONT-END ENGINEER & UI/UX SPECIALIST

Email: jflashblaze@yahoo.com.tw Phone: +886 937655402

Dear Hiring Manager,

I am writing to express my enthusiastic interest in joining your team. With over 18 years of comprehensive experience in front-end development and UI/UX design, I currently serve as a UI/UX Project Assistant Manager at Wowprime Corp. I am eager to leverage my combined background in visual design and engineering to deliver exceptional digital products for your organization.

PROFESSIONAL BACKGROUND

I strongly uphold a "Design-Driven Development" philosophy, specializing in translating complex user requirements into highly interactive, intuitive, and accessible user interfaces. Backed by formal academic training with a B.F.A. in Visual Communication Design and an M.F.A. in Multimedia Design, alongside extensive industry experience, I seamlessly bridge the gap between aesthetic design thinking and robust technical execution.

CAREER EXPERIENCE

- Wowprime Corp.** (2024 – Present) — **UI/UX Project Assistant Manager**
Orchestrate cross-functional team resources and lead UI/UX initiatives from initial conceptualization to final deployment.
- Yuancheng Technology** (2018 – 2024) — **Front-End Engineer**
Architected scalable, modular, and high-performance user interfaces using modern frameworks including Vue.js and Angular.
- Jie Fu Technology** (2010 – 2018) — **Web Designer**
Crafted user-centric website interfaces combining strong aesthetic appeal with seamless user experiences.

TECHNICAL EXPERTISE

- Front-End:** HTML5, CSS3, SCSS, JavaScript (ES6+)
- UI/UX Design:** Figma, Photoshop, Illustrator
- Frameworks & Tools:** Vue.js, Angular, Vite
- CSS & Methodologies:** TailwindCSS, Vibe Coding

KEY PROJECTS

- Wowprime Official Website & Wowprime Crazy Pay Website:** Core HTML / CSS / JavaScript front-end development.
- VIC Online Entertainment Platform:** Front-end web development built with Vue 3, Vite, and TailwindCSS.
- Streaming Video Platform:** Front-end application engineered with Angular and TailwindCSS.
- UI/UX Design Initiatives:** Comprehensive UI/UX wireframing and prototyping in Figma.

In addition to my hands-on production experience, I have served as an online instructor on the Hiskio platform, authoring courses such as "Web Design for Beginners" and "Mastering Common CSS Layout Challenges." This experience has honed my communication, mentoring, and technical knowledge-sharing skills.

Thank you for your time and consideration. I welcome the opportunity to discuss how my skill set and background align with your team's goals.

Sincerely,

Johnny Su (蘇朝輝)
